Established in 2008, The Healing Shepherd Clinic is dedicated to providing education, preventative care, and medical treatment to homeless individuals in a climate of compassion and dignity.

On average, over 395 individuals a year are provided at no cost healthcare on a \$400,000 budget. All funding comes from the generosity of donors and foundations. We do not accept government funding.

Our clinic offers physical exams, laboratory evaluation, imaging, prescription assistance, eye exams, referrals to specialists, and post-hospital visit follow-up appointments.

In 2024...

- We had 3,373 office visits and 286 provider visits •
- 12 physicians volunteered their services • HSC had 132 optometry visits •
- 126 pairs of eye glasses were distributed •
